An interesting meeting of the Rotary Club was held Tuesday night at the Mary Anna Tea Room with a large attendance. Among the guests were Arch. Lee of the Bridgeport, N. J. club, his brother, James Lee of Troy, N. Y., William Jackson of the New London Rotary club and ex-Mayor Daniel P. Dunn, who was introduced as "Dunn." The meeting was in charge of President Valentine L. Murphy. It was voted not to hold a meeting next week, as July Fourth falls on the regular meeting day. Jim Fullerton was drawn to furnish the autobiography of his life at the next meeting and John Alcorn to make the presentation speech.

Harry W. Standish spoke in regard to securing Frederic N. Whitney, president, and public speaker for the National Bureau Company and an ex-congressman in the near future. Mr. Whitney has addressed many clubs and organizations and is very much in demand and it is now that he is available for the Willimantic club. The subject of Mr. Whitney's address is "Gambling on Human Nature." It was decided to hold a meeting when Mr. Whitney can be secured.

President Murphy said a few words in regard to the slow growth of the local club as only one new member has been taken in since April whereas the allotment for the club is three new members a month. The members were requested to fill out some of their memoranda cards and present them to be voted on.

John Alcorn was called upon for a few remarks as introduced by the president. He said he used to think that New London was the best place in the state to live in but has since changed his mind to Willimantic. He is now an educated and a devoted Thread City citizen and is proud of the honor.

The autobiography of the day was given by Charles Wesley Hill, secretary of the club, who said that he was born at Oakland Beach, R. I. in 1888. Mr. Hill told a number of his early life and mentioned that he had always had two hobbies and one failing. The two hobbies were salt water and all that is connected with it and athletics and his failing was holding office. He

also said that as a physical defect he was "top-heavy." He now wears a seven and one-half hat over an almost bald head and as a child he had the habit of falling off structures and bridges and never failed to land on his head no matter how the fall was started. As a result of this he claims his head is now sewed together by twelve stitches. Mr. Hill then related his business career in later life and told of his coming to Willimantic and his subsequent acceptance of a position with the American Thread Company. Mr. Hill has worked in practically every clerical department of the local mills. At the conclusion of his interesting talk Mr. Hill gave several helpful suggestions for conduct which would eventually bring success in life.

The presentation to Secretary Hill by Judge Frank H. Foss was many and varied. Mr. Foss presented him with a large can of oil to pour on the troubled waters of matrimony which state Mr. Hill is seriously thinking of entering. Other gifts were automobile rides, access to the automobile, hairpins, hairnets and a low line. Mr. Hill was also handed a marriage license (non-negotiable), a small doll and a trailer for his automobile.

Harry W. Standish spoke in regard to the chamber of commerce outing at the Connecticut Agricultural College on Thursday afternoon of this week. Mr. Standish, who is also manager of the rotary club baseball team which is to play a picked team from the chamber, announced his lineup as follows: George Hickey, catcher; Ray Parker, utility; Mike Downer, Jim Bath, Al French and Jerry Sullivan, pitchers; Gus Greene, first base; Alvin Martineau, utility; Captain Sam Feldman, second base; John Alcorn, utility; Charlie Hill, short stop; Herb Huber, utility; Maurice Leonard, third base; George H. Shaffer, utility; T. Frank Cunningham, left field; Mark M. Sheppard, utility; Frank H. Foss, center field; Val Murphy, utility; Jim Mustard, right field; Jim Fullerton, utility; Frank Smith and Herb Whidden, batters; Harry McCready, head water boy and property man; scorekeeper, Fred D. Jordan and timekeeper, John Tracy. The game is scheduled to start promptly at 3 o'clock. Members of the club were also invited to take part in the walking contest and athletic events. The meeting was then turned over to T. Frank Cunningham, who introduced Fanny Dunn to the members as the most famous of Willimantic's boosters. Mr. Dunn spoke interestingly of reminiscences of the earlier days of the town. He said he could remember when Valley street was nothing more than a cart path. His speech was based on the importance of Willimantic as a railroad center and of its facilities for water power. He characterized the American Thread Company as the "home and heart" of the town. In his speech Mr. Dunn also spoke of the educational institutions of the city and the great men they have produced. In conclusion the ex-mayor complimented the members of the club for their ability and "business" sense. At the end of the talk Mr. Dunn was given a ringing vote of thanks. The meeting closed with the singing of one verse of The Star Spangled Banner.

Joseph Kumienczak of the Yellow Row was before the police court Tuesday morning, charged with assault on William Gunoak, son of the late William Gunoak. He pleaded not guilty. The Gunoak boy testified that he and Johnny Kumienczak, 13, son of South Windham, were riding their bicycles on the road Sunday evening about 7 o'clock when Kumienczak came along in his car with a load of people. Opposite the first house the boy said Kumienczak crowded him into the gutter and Gunoak shouted, "What do you want, the whole road?" At a point just before the corner station Kumienczak pushed the boy and the boy fell and struck the witness twice in the face, then got back into the automobile and went on towards South Windham. The boy had sworn as far as Shetucket Park when Kumienczak had turned his car around and was headed back towards the city. The latter dropped his car again and got out and pushed the Gunoak boy and the bicycle into the bushes, breaking the front wheel. The Gunoak boy said that he did not use any vile language towards Kumienczak. The latter's testimony was corroborated by the Kumienczak boy, who said that he was riding several feet in front and heard no vile names. Kumienczak said he stopped his car got out and asked why he should be addressed in that manner and said that he would take the Gunoak boy to the police station in his car. The boy started to cry, the witness said, and he told him to behave. At Shetucket Park on my way back the boys came along again and called me names. I then got out and told the boys that I

THE STORY THE SCALES TOLD

Remarkable Renewal of Health and Strength Creates Enormous Demand for Great Yong-Gona Remedy, GOLDINE Tonic and Nerve.

For restoring strength in cases of exhausted nerve force and impoverished blood, caused by disease, overwork or worry, no remedy known to medical science has accomplished such remarkable results as the Great Tonic Root from the Fijian, GOLDINE Tonic and Nerve. "I had a bad grip cold and catarrh," Frederick W. Knapp, Newburyport, Mass., tells, "and I had been doctoring these years. Visited doctors in Amesbury and Haverhill. My nerves and stomach seemed to be almost completely put out of business. I went from 130 pounds down to 110, could not sleep, everything I ate caused pains all over my stomach and chest, and I suffered terribly with headaches. But now, they are gone, I can eat and sleep, and have my weight and strength back. Nothing on earth did me any good until I tried Goldine Tonic and Nerve."

Yong-Gona Root in GOLDINE is considered one of the most wonderful nerve tonics known, promoting digestion and increasing the general vitality-building activities of the entire system, especially valuable for summer debility. With Yong-Gona, the combined in this splendid formula 13 of the world's choicest herbs for quick assimilation by even delicate stomachs. GOLDINE has redoubled strength in many cases after two or three weeks. Get your bottle today and make your first real start toward health regained.

How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find.

He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade

An out-in-the-open tire. The dealer sells you confidence, not price. He wants you satisfied with performance and value. The only way he knows to get your business is to deserve it.

This is the "Usco" idea.

Compared with the ten-minute thrill of the bargain appeal, the "Usco" is just plain common-sense.
